

SOLAR HEATING & COOLING PROGRAMME  
INTERNATIONAL ENERGY AGENCY

July 3d, 2013

**RE: 8<sup>th</sup> joint meeting of the SHC programme and Solar Thermal Trade Associations**

---

Dear Solar Thermal Colleague,

On behalf of the IEA Solar Heating and Cooling Programme, I would like to invite you to the **8<sup>th</sup> Joint Meeting of the SHC Programme and Solar Thermal Trade Associations**.

The half-day meeting will be held **Wednesday, September 25<sup>th</sup>** from 14.00 – 16.30 at the Novotel in Freiburg. The meeting is during the International Conference on Solar Heating and Cooling for Buildings and Industry (SHC2013). The Novotel is in the same building as the SHC conference.

This year's meeting will focus on the barriers for growth of the Solar Thermal applications. The Solar Heating and Cooling program would like to co-operate with the solar thermal industry to see what our programme can do to reach the long term goals for solar thermal heating and cooling.

The members of the SHC Programme look forward to once again meeting with many of you and welcoming new faces to the table. As the SHC conference is the leading solar thermal conference, we expect to have participants from several continents.

Please inform the Pamela Murphy (the SHC secretaria) about your participation at this meeting. [secretariat@iea-shc.org](mailto:secretariat@iea-shc.org). She can also help you if you need more information.

Sunny regards,

Werner Weiss  
IEA SHC Chairman

Lex Bosseaar  
SHC Executive committee member

More information:

The conference: [www.shc2013.org](http://www.shc2013.org)

The meeting place: <http://www.novotel.com/gb/hotel-5383-novotel-freiburg-am-konzerthaus/index.shtml>

Hotel bookings can be made trough the conference

Participation in the SHC2013 conference is not necessary for participation in the meeting
