Where to stay

We recommend to choose one of the hotels in the city center along the train stops (Oslo Central station - Nationaltheatret - Skøyen - Lysaker, see page 3). The local train will bring you directly to the Research Council (train stop: Lysaker) where our meetings are. These central hotels are very popular and it was not possible to hold a number of rooms for our event at a favourable rate.

Hence we advise to book your rooms very soon! Please book your room online through [Booking.com](https://www.booking.com), [Hotels.com](https://www.hotels.com) or directly on the hotel's website.

Start choosing your hotel by selecting a map section as shown to the right.

One example, close to the central station:
Comfort Hotel Grand Central
Jernbanetorget 1, 0154 Oslo
<https://www.booking.com/hotel/no/comfort-grand-central.no.html>

How to get around

1) From Oslo Airport Gardermoen (OSL) to Oslo Central Station (Oslo S)

Option 1)

Use the [Airport Express train \(Flytoget\)](#) which leaves from Oslo Airport on Track 3. It takes ca. 30 min (with 0 or 1 stop).

Single ticket: NOK 240.-

Serves between 05:30 am - 00:50 am

Buy your ticket online or
with the Flytoget-app on your mobile

Mobile app is strongly recommended!

Option 2)

Use the [Local Train, Vy](#) which leaves from Oslo Airport on Track 4. It takes 30 min (1 stop).

Single ticket: NOK 115.-

Serves between 05:15 am - 23:43 pm

Buy your ticket online or
with the Vy-app on your mobile

Mobile app is strongly recommended!

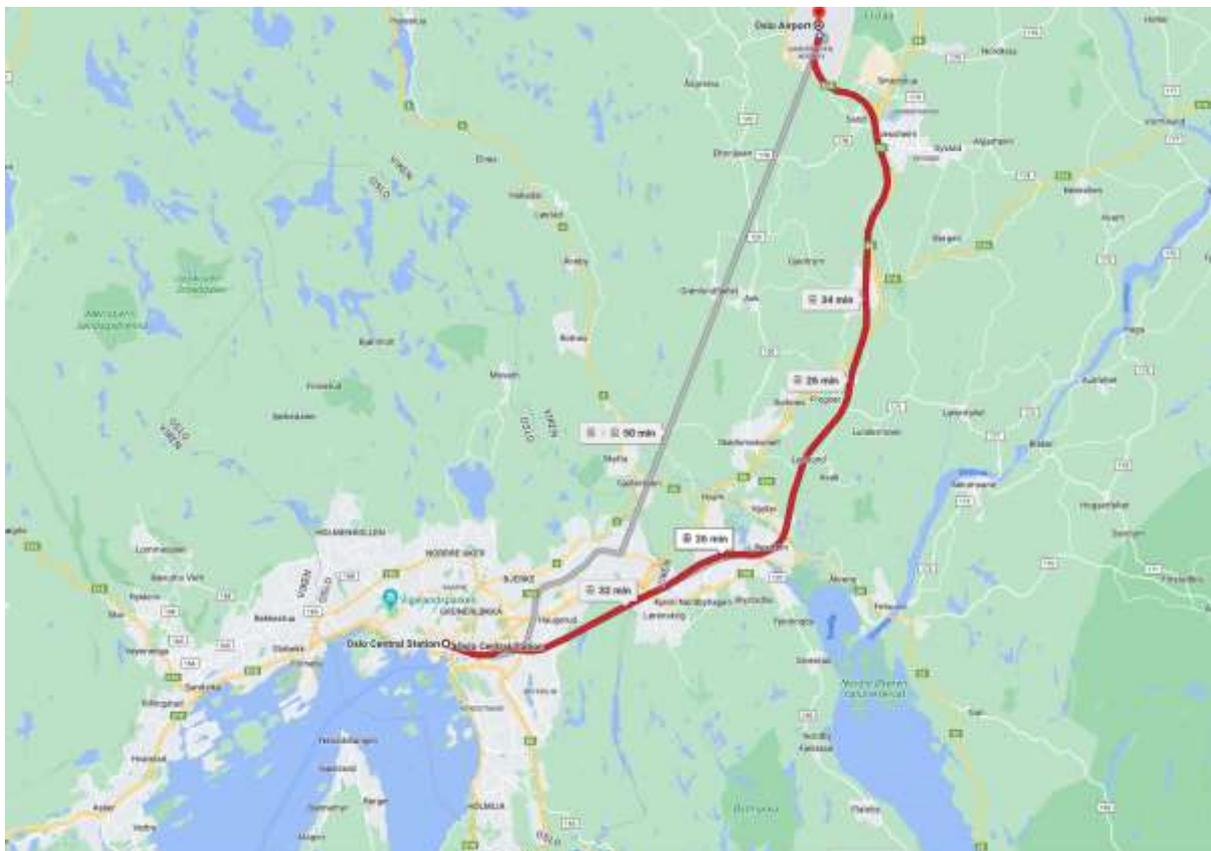

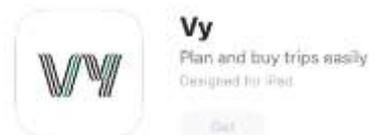

Figure 1: From Oslo Airport to Oslo city center (Central Station)

2) Meetings at the Research Council of Norway (RCN)

Address: Drammensveien 283, 0283 Oslo, Norway, meeting room ABEL

From the Airport to RCN: Take the local VY-train or the Airport Express train (Flytoget) from Oslo Airport to **Lysaker train stop**.

From the city center to RCN: Take the local VY-train from the Central station, from Nationaltheatret or from Skøyen to **Lysaker train stop** (Figure 2).

At **Lysaker** leave the train station and cross the highway (Drammensveien) in direction seaside, (Figure 1). You will reach the Research Council after a 10 min walk.

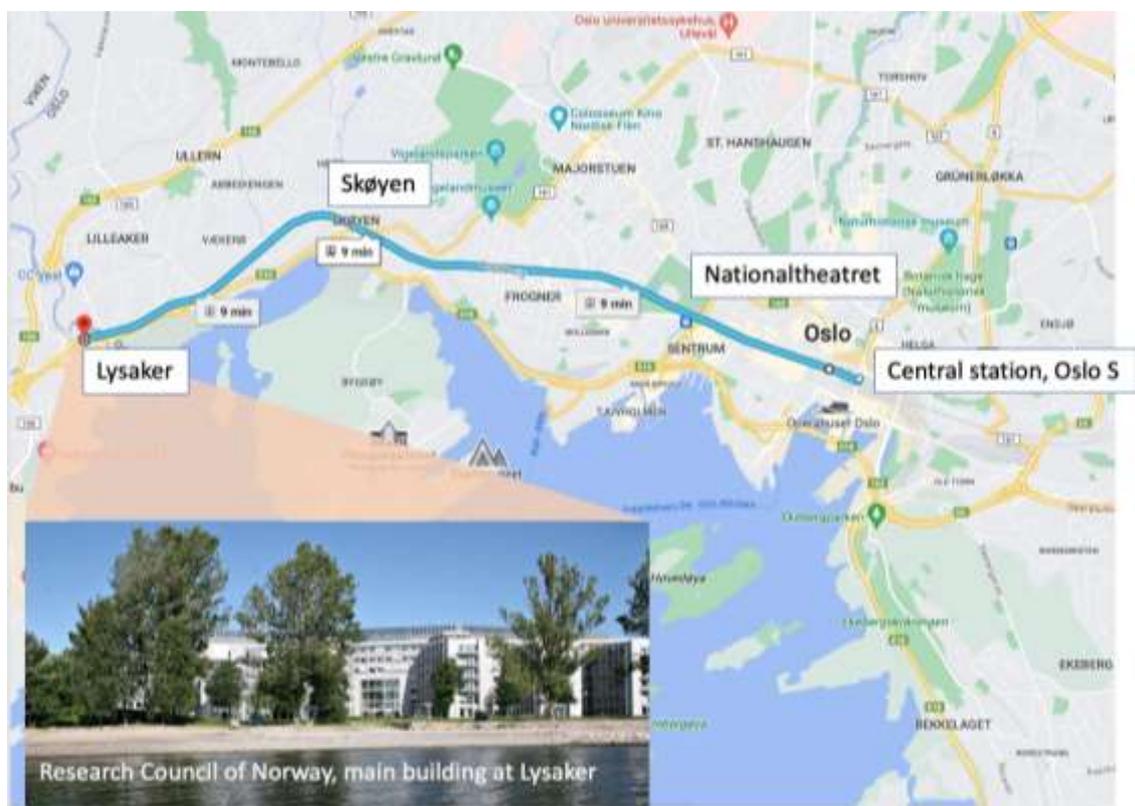

Figure 2. Train stops between Oslo Central station and Lysaker (Research Council)

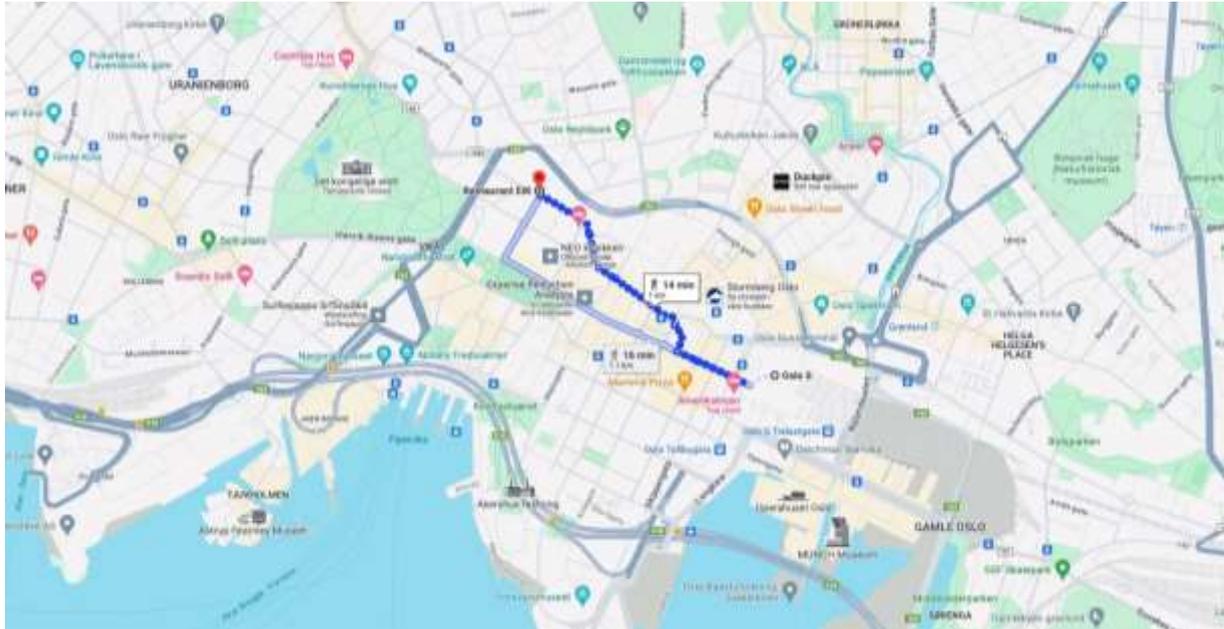

Figure 3. 10 min-walk from Lysaker train station to the Research Council

3) Restaurant EIK (Dinner on Wednesday, June 6, 2024 at 20:00)

Address: Universitetsgata 11, 0164 Oslo - <https://restauranteik.no/>

Restaurant Eik is very close to the train- and subway stop "Nationaltheatret".
It is a ca. 15 min walk from the Central station (Oslo S).

4) Inaventa Solar, Jevnaker

Address: Glassverkvegen 91, 3520 Jevnaker, Norway

[Inaventa Solar](https://inaventa.com) invites on Friday morning, June 7, 2024 for a technical tour to their production facility in Jevnaker, approx. 1 hour drive from Oslo. The tour and the lunch is free. You will see where Inaventa Solar's high performance polymer collectors are produced and the new extrusion line for the polymer absorbers. Inaventa's most recent innovation projects will be presented, which are supported by the Research Council, Horizon Europe and Enova.

The factory visit itself will be 1-2 hours dependent on the interest of the visitors.

Also for the transport we will adjust to the plans of those who sign up.

There can be following options: Invited lunch at closeby Thorbjørnrud Hotel, or/and transfer to Oslo Airport (the plane should not leave before the middle of the afternoon on Friday), or for those with more time: a visit with lunch at closeby [Kistefos Art Museum](https://www.kistefos.no/) and sculpture park (one of my favourites). We can also arrange transport back to Oslo for those, who want to do sightseeing there.

See pictures next page.
